The **Stand Firm Apologetics Course** is designed to strengthen Christians' faith by presenting compelling evidence for the truths of Christianity, and equip Christians to share and defend the truth of the gospel of Jesus Christ.

Stand Firm is a sixteen-lesson video-driven introductory apologetics course that may be used for group or individual study. The individual videos are each about half an hour long and should be viewed prior to answering the discussion questions. Discussion leaders and individual students may research the topics by reading the recommended books and visiting the recommended web sites.

Beyond the suggested books and web sites included in the individual lessons, we also recommend the forthcoming book "Stand Firm" by Dickinson, Gould & Loftin to be published by Broadman & Holman as well as the following websites:
